

Why we do what we do

Everyone was born with a particular set of skills and passions given to us by our creator. Some have a talent to sing, speak to audiences, play musical instruments, cook, etc. As Christians our duty is to use these skills to further God's Kingdom. Here at the FAST Center we are very fortunate to have surrounded ourselves with Christian men that have many skills for security, firearms, self-defense and have a passion for helping people learn how to protect themselves and survive a threatening situation.

NO EQUIPMENT.....NO PROBLEM

FAST Center is offering some of the most popular and reliable firearms to rent for use at our range. It is the perfect opportunity to see what gun is best for you before you commit to the investment.

We also have radios, handcuffs, batons, and OC spray to try before purchasing.

FAST Center

CHURCH SAFETY & SECURITY PROGRAM

With 35 years combined experience in law enforcement, military, and special operations the founders of FTS have developed a program to ensure the overall safety and security of churches and their congregations.

Classes

How do we make it work?

Most people involved in the safety and security teams are a volunteer, which means there is a level of dedication it will take to make a successful team. We do our best to make time, travel and expenses as efficient as possible. It is beneficial that a majority of the training will be done either on site via lecture or CBT and at the 200 acre training facility that has camping, fishing, hiking, and shooting.

Acts 20:28-29 New International Version (NIV)

²⁸Keep watch over yourselves and all the flock of which the Holy Spirit has made you overseers. Be shepherds of the church of God, which he bought with his own blood. I know that after I leave, savage wolves will come in among you and will not spare the flock.

What will you learn

It is our belief that with training comes confidence and with confidence comes increased safety and security for everyone. We must remember that nothing good comes overnight but, with the dedication and motivation from the members involved, the safety and security of your church will increase drastically each month. Here are some of the topics covered throughout the course:

- Introduction and theory behind the four major threats to a religious facility
- Writing and maintaining a security plan
- Non-Lethal Weapons
- Legality and liability associated with using Lethal and Non-Lethal Force
- Handcuffing
- Safety and Security Team Management
- Tactical maneuvers

Outreach

What better place to have team building events and retreats than the FAST Center! The team at the FAST Center have put together custom programs for Men's Groups, Women's groups and youth programs to include

Camping

Hiking

Obstacle courses

Firearms Awareness

Basic Firearms

Archery Tag

Women Self Defense

Fishing

Navigation

And more....!
